Clarification to October 11, 2021 Board Minutes

A request has been made from a Sandy Brae Resident for the Board to further explain and clarify a point noted in the October Board Minutes concerning the voting for approval on the revised Covenants.

It was not clear that each Covenant change needs 131 yes votes to pass. If that number of yes votes is not received, the change does not pass, and the existing Covenant, as it is written, remains in effect.

This notification will be attached to the October Board Meeting minutes on the website.

If any resident has any further questions or wishes to speak to a Board member directly, please reach out to us at sandybraehoa.lewes.de@gmail.com

Thank you,
SBHOA Board of Directors
